

**Josef Dadok National NMR Centre**
**- price list 2023 (prices in CZK excluding VAT)**

| Services                                                       | Unit | External academic | External commercial |
|----------------------------------------------------------------|------|-------------------|---------------------|
| NMR spektrometr 950 MHz                                        | hour | 2 271             | 6 210               |
| NMR spektrometr 850 MHz                                        | hour | 1 625             | 3 866               |
| NMR spektrometr 700 MHz Bio                                    | hour | 1 108             | 2 558               |
| NMR spektrometr 700 MHz multinuclear                           | hour | 893               | 2 424               |
| NMR spektrometr 700 MHz multinuclear (weekend / holiday usage) | hour | 686               | 1 862               |
| Spektrometr 600 MHz                                            | hour | 1 022             | 1 974               |
| Spektrometr 500 MHz                                            | hour | 534               | 1 441               |
| Spektrometr 500 MHz (weekend / holiday usage)                  | hour | 410               | 1 107               |
| EPR spektrometr                                                | hour | 44                | 218                 |
| Specialist                                                     | hour | 1 169             | 1 169               |

If the length of measurement in one day exceeds 8 hours, only 8 hours are charged.
